

# ELITE SHOWJUMPING PROGRAM

MONACO'S WORLD CLASS SHOWJUMPING FACILITY

## Our Coaches

Richard Howley

Richard is a 5\* Grand Prix & Double World Cup winner, Young Horse World Champion, and ranked 42nd on the Longines Rankings. He will instil a winning mindset to maximise your potential, as well as enhancing the rider & horse connection needed at the top of the sport.

Anna Pezzoli

Anna is a highly experienced showjumping and flatwork coach with over 15 years of experience, having competed up to 1.55M. She is an expert in equine health and diet, and holds training qualifications with the Italian FISE, BHS and FEI. Anna is the on-site manager of Liguria Jumping.

## Elite Program

Liguria Jumping offers an all-inclusive Elite Training Program for riders who aim to reach the top echelons of the sport. This is conducted under the guidance of head coach, Richard Howley, a 5\* showjumper at the peak of his career. This program provides a tailored, all-encompassing route to progress within the sport, whilst facilitating (if required) a seamless school or college education.

## Program Details:

- » Intensive showjumping skills training regime.
- » Bi-monthly, 2-day training sessions and a bi-annual 1-week training camp\* with Richard.
- » Daily lessons\*\* and on-site competition coaching from Anna.
- » Individualised 'continuous improvement' training and competition preparation.
- » Full horse management service including passports, vaccinations, farrier, transport paperwork and vet planning.
- » Horses receive daily lunging, riding, paddock or walker\*\*.

## Facilities

Our new, luxury equestrian facility is located in Camporosso, 35 minutes from Monaco. It provides state-of-the-art infrastructure for horses and riders - designed to develop and maintain top-class showjumpers.

With 20 boxes and over 5,000 square meters of indoor and outdoor training space, and a gym and clubhouse for riders, the centre welcomes a select group of riders to excel within the sport.

## School Support

For riders of school age, Liguria Jumping will coordinate with selected schools (online or physical) to appropriately plan and balance education and horse-related training requirements.

The on-site support includes a dedicated study space within the clubhouse, and liaising with the respective school to coordinate travel and competition timings, ensuring catch-up is possible. Liguria Jumping will also coordinate transport as required. The choice of school and enrolment will remain strictly within the control of the rider and parent.

## Physical and mental fitness

Our gym is specifically designed for riding, and a dedicated personal trainer is on hand to develop strength and endurance. Each fitness program is individually tailored to ensure both rider and horse maintain peak physical condition and remain injury-free.

Nurturing mental wellbeing is a core principle of our training program, as a strong and healthy mental state forms the foundation of all world-class athletes. Elite riders will receive expert and timely mind-coaching to improve and optimise motivation, work ethic, and a winning spirit.
